

## Maintenance Drug Pharmacy Program

Managed Health Services (MHS) offers a 90 day supply (3 month supply) of maintenance medications to Hoosier Healthwise, Hoosier Care Connect and HIP Plus members. The products listed below are considered maintenance medications. They are used to treat long-term conditions or illnesses. Ninety (90) day prescriptions are available from participating network pharmacies and through our mail order program. To transfer a current prescription or to have your doctor phone a prescription directly to our mail order pharmacy, they may call Express Scripts at (800) 282-2881 or visit the website at [express-scripts.com](http://express-scripts.com).

The maintenance drug list is subject to change, may not be comprehensive, and some of the medications on the list may also be subject to additional plan coverage rules. Once a brand name medication covered on the Maintenance Drug List becomes generically available, only the generic drug will be covered as a maintenance medication.
