

Key Provider Partnership Outreach Program Order Form

Welcome to the MHS **Key Provider Partnership Outreach Program**. We believe that better education and understanding of services, empowers members to take charge of their health. This free program offers tools and resources that can be used to help educate your staff, patients and partners about MHS and the programs we support.

Available materials include easy to understand brochures, guides, giveaway items and more. We encourage you to join this free program! Interested offices should complete this form and return to your MHS Provider Partnership Associate, or email to Communications@mhsindiana.com.
